

What is Playz Workz?

Playz offers kids' activity providers a range of different services which benefit you in three ways:

Promotions: Playz helps you promote your kids' activities through its sophisticated registry which enables families to search using a range of field which they select based on their own specific needs

Payments: Playz supports kids' activity providers with payment systems making sure bookings take place smoothly.

Paperwork: We know how demanding running kids'; activities can be, with often recurring activities and the constant need to update participants, calendars and invoices. Playz can support you with all of your administration paperwork.

Playz Workz is that service option which gives you access to the highest level of benefit in all of these three areas. In addition, our Playz Workz providers have access to **Australian-based phone support** for support with all aspects of using Playz.
